## CLASS TUG-OF-WAR TONIGHT ON SPEEDWAY

### Drenching For Losers in A. & S. Freshman-Sophomore Contest

The Freshmen of Columbian College will meet tonight in the A. & S. Assembly Hall at 7 o'clock to elect officers, hear short speeches by Prof. DeWitt C. Croissant and Rhessa M. Norris, chairman of the Council.

The Freshmen of the College of Engineering will meet to elect officers at the same time in Room 23.

With a heavy stream of water from a two and a half inch fire hose playing across the center of the rope and the field illuminated with red fire, a tug-of-war between the sophomore and freshman classes of the Department of Arts and Sciences will be held tonight immediately after the freshman class meeting on the Speedway at Twenty-first and B streets.

The contest will mark the revival of the ancient rivalry between the two lower classes for the first time since 1913.

At a recent meeting of the Student Council it was decided to revive the inter-class contest, and a committee consisting of John S. Bixler, Wm. S. James, and Leslie W. Teller was appointed to make arrangements for the same.

President Stockton was seen and readily gave his consent to the holding of a tug-of-war between the two classes, stating that he believed such a contest, properly conducted, would tend to arouse interest among the students and help to further the cause of student activities.

Permission was obtained from the Office of Public Buildings and Grounds to use the grounds on the north side of B street just west of Twenty-first. The B street drive of the Speedway parallels the grounds.

Albert Burton, who has charge of all athletic activities in Potomac Park, has promised a 240-foot rope for the event and the erection of a suitable framework for the support of the hose. The heavy stream of water will play directly across the center of the rope, and each class will struggle with might and main to pull its opponents on the opposite end and thru the miniature Niagara. An equal number of the "hefties" from each class will line upon each end, and on a given signal they will "haul away."

Among those officiating, in addition to the committee, will be Hillis, Niederhouser, Wilson and Keblor of the football squad; also Ramsey, Garner, Hunter, Hance, Davis, and Norris.

In anticipation of a large crowd being present a detail of Park Police will be present to assist the marshals in keeping order and prevent the blocking of traffic on the Speedway.

#### ATHLETIC TICKETS MAILED

Athletic tickets will be mailed to signers of the tax the first part of next week, according to an announcement made by Manager Baer Wednesday night.

These tickets will be numbered, each number being good for admission to a certain football, or basketball game or track contest.

#### SPEAKER FOR COMMENCEMENT

Bishop F. W. McDowell, of the Methodist Church, recently appointed to Washington, will deliver the address at the commencement exercises next June, President Stockton has announced.

Any subscriber to the activities tax or The Hatchet who is not receiving his copy of The Hatchet from the postman each Friday morning should notify The Hatchet business office at once.

Students, faculty and graduates who have not yet subscribed to the tax or The Hatchet should send in \$1 for a year's subscription.

DEAN EVERETT FRASER  
Who as Chairman of the Faculty Committee on Student Activities is Supervising the Present Revival of Student Activities.

## COUNCIL MEETING BUSY; ATHLETIC BOARD PLANNED

Eligibility Rules Adopted—Ex-officio Want Vote—Social Committee Named—Baseball Possible

Nearly every activity was discussed at the meeting of the Student Council held Tuesday evening in the Law School.

The athletic committee, thru Bertram Groesbeck, chairman, reported upon eligibility rules for athletics, which correspond to those now tentatively in force.

A permanent board for the administration of athletics is being considered by the committee. This contemplates the abolition of graduate manager control as now, and giving the power to the athletic committee of the Council, the managers, and the faculty member concerned with athletics.

The athletic committee is to report at the next meeting Monday evening on the permanent board and also on regulations for the award of letters in various sports.

A large amount of discussion was caused by a proposition which provided that the ex-officio members of the Council, the members who are representing teams, publication or other interests, should be given a vote. C. R. Draper, business manager of the Cherry Tree, led the fight.

After Dean Fraser had explained that in the original plans of the council the ex-officio members were not given a vote because they would be interested parties in matters to be voted upon, the question was referred to a committee consisting of Elmer Kayser, H. W. Leetch, and Miss T. D. Seibold.

Baseball as a University sport was proposed, but with conditions as they now are, the Council decided that it could give no financial support to a team at present. The Council suggested that a review of material and prospects be made now to care for any later possibility of a team.

The University Band was heartily endorsed, altho no appropriation for it could be made. A rally before the Georgetown game, a parade to the game, led by the Coast Artillery Company and the Band were suggested.

A social activities committee, consisting of Leslie W. Teller, M. Q. Cannon and Perry M. Johnson was appointed to arrange a program of University and student dates to prevent interference of functions so far as possible. It will also start the freshman presidents working on the Freshman Prom.

Permission to hold a Sophomore Prom. was asked, but it was decided to first give the freshmen a chance to hold their annual function.

The publications committee, of which John S. Bixler was appointed vice-chairman, was instructed to report soon.

## 775 TAX SIGNERS NOW

### Campaigns Increase Number-- Practically Assures Tax Success

According to latest report, there are now about 775 subscribers to the activities tax. This practically assures the success of tax plans.

A campaign in the Department of Arts and Sciences on Monday and Tuesday netted eighty signers, and a canvass was made of the College of Pharmacy. Other departments registered gains.

Altho this is a better showing than a week ago, the Student Council has decided to continue to push its campaign for 1,000 signers for the tax.

The campaign at the A. & S. Building, managed by C. R. Draper, touched every person who entered the building on Monday or Tuesday.

The latest figures on the tax signers are:

	Tax Signers	Registration	Pct.
Medical	100	105	95
Pharmacy	17	34	48
Veterinary	25	60	42
Engineering	90	221	41
Columbian	250	650	38
Dental	45	120	38
Graduate	28	97	29
Teachers	30	188	16
Nurses	5	...	...
Total	775	1790	43

Gain in subscribers this week.... 196  
Gain in registration this week.... 79  
Gain in per cent this week.... 8

Dean Fraser has ordered the tax fee added to the bills of about 25 students who signed last year but who have not signed this year.

## DEBATE TEAM SELECTED TO MEET NORTH CAROLINA

Kidder, Hall and Denit Chosen—Will Probably Debate Lafayette, West Va. Wesleyan and C. U.

As a result of the try-outs held Monday night in North Hall, Law School, the following were chosen as the debating team to represent G. W. U. against the University of North Carolina: H. W. Kidder, G. L. Hall, and L. M. Denit, alternate, all members of the Junior Law class.

The team was chosen out of a large field of contestants. Coach P. B. Morehouse said he is confident that the team will defeat North Carolina here in December.

H. W. Kidder was a member of the team that debated Pittsburgh last year. G. L. Hall was one of the most active members of the Columbian Debating Society last year. L. M. Denit is well qualified as alternate to do most of the actual clerical and bibliography work.

Coach Morehouse has announced that the team will buckle down to work at once, and the preparation of the briefs will take up the next week or so.

The judges who selected the team were Dean William Allen Wilbur, Prof. J. L. Parks, and Coach P. B. Morehouse.

Challenges for other intercollegiate contests have been received from Lafayette College, and West Virginia Wesleyan. It is also probable that a second contest with Catholic University, which the team defeated last year, will be considered.

#### MAY PLAY YALE

Negotiations are under way for a basketball game with Yale University, according to announcement made by Manager Daidy Thursday morning.

REVISED CHEERS ON LAST PAGE

## Girls Cheer? Oh! Yes! To Practice After Chapel

The girls are going to root at the football games. A notice posted on the A. & S. bulletin board calls upon every loyal girl in the University to attend a meeting immediately after Chapel today in the A. & S. Assembly Hall.

Cheering practice is promised. At the game on Saturday fair co-eds got up and yelled for the team with the rooting section when the team needed it most. Organized under one of their leaders they intend to make still more noise at the next home game. And they are going to sing as well as cheer.

There is some opposition to the girls cheering, enemies of the plan calling it "undignified," but the girls will practice their yells nevertheless.

## RIFLEMEN IN MATCHES

### G. W. Artillerymen at Jacksonville Firing Good Scores

Special Correspondence of The Hatchet  
State Camp, Jacksonville, Fla., Oct. 22.—The District National Guard Rifle Team, composed largely of George Washington University students, has had nearly two weeks of practice on the range where the national matches are being shot, and made some creditable scores in the N. R. A. matches last week.

Two teams from the G. W. U. Coast Artillery Company entered the championship company team match and took sixth and eighth places out of 21 entries. The University Rifle Club team consisting of Sergeants Crain, Shields and Ryan, and Private Larson, shooting a non-military course in the civilian team match won sixth place in a field of 40. A team in the regimental match secured twentieth place out of 32 entries, a good showing considering that it was picked from a company.

Sergeant C. S. Shields and Private H. F. Richardson are high guns so far. Shields took ninth place out of over 500 entries in the individual pistol match, 47th out of 684 entries in the members match, and 51st out of 491 in the rapid fire match. Richardson took 32d place in a field of 519 in the Marine Corps match, ranked 25th out of 332 in the Leech cup match, and was 17th on his aggregate score in all N. R. A. matches.

The District team has been definitely selected and reorganized by order of Maj. J. C. Castner. It is now as follows: Team captain, Second Lieut. Howard W. Hodgkins; team coach, Sergeant James F. Pierce; team spotter, Seaman Gee, Naval Battalion; team members, Capt. W. W. Burns, Lieut. C. C. Baxter, First Sergt. N. B. Crain, Sergeants J. A. Ryan, A. B. Campbell, C. S. Shields, Private H. D. Norris, J. N. Larson, H. F. Richardson, all of the Coast Artillery Company, and Lieuts. W. B. Hoefer and F. D. Johnston, Machinists Mate Flynn of the Naval Battalion. Privates D. L. Alexander and P. H. Plant of the Artillery Company are alternates, and Acting Corporal Stewart is a range officer.

The national individual match will be shot tomorrow, and Tuesday and Wednesday the big matches will be fired. Competing on Tuesday there will be 1120 men.

The District team is well located near the firing line, with good cooks and plenty of tentage.

## JOHNS HOPKINS NEXT; LOSE TO WESTERN MD.

### First Home Game Lost by One Field Goal

#### TEAM OFF TO BALTIMORE TOMORROW

Rooters to Take 9 O'clock Train Tomorrow—Fumbles Lost Saturday's Game—Rally Wakes Spirit

George Washington University's football squad will leave Fourteenth and New York avenue for Baltimore tomorrow morning at 9 o'clock to play Johns Hopkins.

The game in Baltimore will be at 2 o'clock.

Rooters will be able to get special rate tickets to Baltimore on this train, and admission to Homewood field will be 50 cents.

The team is playing better, as was shown by a scrimmage against Catholic University on Tuesday afternoon. G. W. walked down the field pushing back C. U. several times.

Because Gettysburg College beat Johns Hopkins by 27 to 0 Saturday, while the Gettysburg-George Washington score the week before was only 20 to 0, a victory over Johns Hopkins tomorrow is looked for by followers of the Buff and Blue.

Kelly, Stein and Cobill, new men, reported Wednesday, and Turner, Mohawk player, is acting as assistant line coach.

#### By HOWARD SCOTT

By one field goal, the Buff and Blue eleven lost to Western Maryland College, 3 to 0, its first home game played last Saturday afternoon at Union League Park.

Hard fought thruout, the fumbles frequent, George Washington, altho not playing up to standard, made ten first downs to Western Maryland's seven. The home team's forward passing was often successful, and Pepper and Giacomo, playing at quarter, showed up well in broken field running. Kerr, Harmon and Genesee played the whole game. Giacomo and King played the suffering from injuries received at Gettysburg, but for the same cause, Mims was kept out of the game.

The rooting by several hundred students in the grandstand, lead by Charles T. Lynch, Thomas T. Stayton and George Nordlinger, was loud and continuous, and the boys were aided by about twenty girls.

G. W. received the kick off and immediately marched down the field thru Maryland's line, with aid of a forward pass, to their 2-yard line where a fumble prevented a touchdown.

The second quarter started with the ball on Maryland's 30-yard line, line plunges and a forward pass pass by G. W. taking the ball again within striking distance of the goal. In a hard tackle Hillis lost the ball to the Marylander who advanced to midfield by line plunges. G. W. blocked Maryland's kick and recovered, but lost the ball again on a fumble. Pepper intercepted a forward pass on our 12-yard line and then punted as the half ended.

The second half started with G. W.'s kick off and was followed by an unsuccessful punting duel. Maryland blocked Hillis' punt and recovered on G. W.'s 10-yard line. Maryland then picked an easy field goal from the 15-yard line. The rest of the third quarter was fought in the middle of the field.

The last quarter started without an advantage to either side. G. W. worked a series of forward passes, and these with a punt, drove Mary-

FRIDAY, OCTOBER 27, 1916

Altho the advertising gains of The Hatchet during the first few weeks of this year have been great, it is now possible for The Hatchet to publish more advertising and at the same time give its readers the same amount of news.

By taking waste white space from between lines of type, or removing the "leads" amounting to one-fourth of a printed line for each printed line, the editors are now able to place in fewer columns, the usual amount of news, written in as much detail as heretofore.

In today's issue there are several stories that are set in the more expanded or "lead" matter side by side with the unexpanded or space-saving matter. This for the education of the reader.

Economy of white paper accomplished thru this reduction and the added strength of the paper, because of additional advertising means a better Hatchet with better news service in the field it covers.

## More Progress

The University is growing stronger educationally each year. The University of Illinois has just listed George Washington as a Class A institution. More and more students are coming from out of town to take the courses that are being given by professors of national reputation. Each year more local high school graduates enter the University.

In several cases this year, men high in official circles, when appealed to by an anxious father, have replied, "Send your boy (or girl) to George Washington University."

This University is becoming nationally known and recognized for its work in preparation for diplomatic work, law and medicine, and successful graduates are constantly spreading the news that George Washington University is striding to the head of American educational institutions.

With student activities once more on their feet, and the standards of the University, always high, now becoming higher, the future of this institution is indeed bright.

The students of journalism are having an exceptional chance to learn practical newspaper work, in conjunction with theoretical class work, by taking regular assignments on The Washington Herald. In no other journalistic course, so far as is known, have students a chance to do real work on a metropolitan newspaper. It is fortunate that The Herald is willing to undertake putting the students thru their "cub" days.

That cheering at the game on Saturday shatters the saying that "They never come back." After six years without need of cheers the rooting section was a credit to the University.

Hail to the band! The University needs a band to make noise at its football games. It will need one to lead its march in the Inaugural Parade, and other student and official University occasions will be aided by the new organization.

## Nicks

Well, with the crisp air of autumn and the clash of football teams with the ground, we are learning that the colors of George Washington University are the Buff and Blue.

No, we don't agree with that spiteful person who said all the University had was bluff and the blues. We don't give a Continental for him.

And the football player who thought (for personal reasons) that our glorious standard should let stream into the breeze the Black and Blue, was wrong.

Several of the queer but prevalent specimens of student that don't know yet that we have a football team got a jolt at the mass meeting Friday. The entrance steps of the main building was completely blocked by a layer of girls, five deep, and too studious students had to listen to Coach Sullivan's talk.

"Get a slide rule" was the advice given to the tellers at an engineering class election.

This column is not supposed to be the dull part of The Hatchet.

## Who, Me

Why, I'm the Freshman who sat on the front row at the game Saturday and when Maryland was penalized I hollered "Ray." Yes, that's me. I believe in rooting for the team with the old high-school stuff.

## Medical and Dental Schools Under One Head

The Medical School and the Dental School were combined for administrative purposes in one department to be known as the Department of Medicine and Dentistry at the meeting of the Board of Trustees Tuesday evening.

This new department will include the Medical and Dental Schools in the same manner as the Department of Arts and Sciences includes the Graduate School, Columbian College, College of Engineering, and Teachers College.

Dean William Cline Borden will be dean of the Department of Medicine and Dentistry as well as dean of the Medical School, and Dean Walton will remain dean of the Dental School.

## PLANNING MILITARY COURSES

The War Department, in co-operation with presidents of colleges and universities, is planning courses in military science in the leading universities of the country.

Military instruction in colleges is an outgrowth of the movement for the organization of militia companies of college students begun last spring by the formation of the George Washington Coast Artillery Company, which is a part of the National Guard of the District. The summer instruction camps at Plattsburg also have aroused interest in military matters among the colleges.

## Cherry Tree Photos Must Be Taken Now

"Only four more days in which to get your picture taken for the Cherry Tree." Is the announcement made by the Cherry Tree staff, urging all students and faculty to obtain a sitting with Harris and Ewing before Wednesday.

Many have already been photographed, paying the small fee of ten cents, but it is desired that all take advantage of the special low offer for the next few days. Hours of sittings are from 8 to 10:30 o'clock in the morning and after 3 o'clock in the afternoon.

The Cherry Tree is promising the most complete book and most representative annual ever issued.

## ENGINEERS PLAN BUSY YEAR

Schedule Trips and Meetings—To Have Separate Bulletin Board

With a new plan for meetings, a new constitution and a schedule of meetings and trips for the whole year in advance, the Engineering Society will start its work for the year by meeting Monday evening, November 6, in the history room at 2017 G street.

President William S. James and the executive committee have been planning the work. A bulletin board has been erected on the fourth floor for engineering notices exclusively and a revised constitution will be posted.

It is planned to hold meetings every two weeks, alternating trips with social meetings, and having them fall on every night of the week in rotation.

The dues will probably be \$1 a year, and all students of engineering are eligible for membership.

## RATED AS CLASS A

George Washington University has been rated as a Class A institution by the University of Illinois after an exhaustive investigation made in establishing its standards for exchange of credits with other colleges.

This is next to the highest rating given. A few institutions, with modern buildings, classes of less than thirty students each, and professors who teach less than fifteen hours a week, in addition to the qualification necessary for Class A are rated as Class A plus.

Class A signifies that the University of Illinois is satisfied with the quality of work done at George Washington University, and that it will credit any student upon certificate from this University with fifteen hours of work in any one year, and if the student while at Illinois makes averages corresponding to George Washington's grade of "C," additional credit will be given.

## TRACK MEN PRACTICING

A squad of track men are practicing regularly on the track around the football field. Harsch, Johnson, James, Faulk, Beall, Thomas, Smith, Trundel, Martin, and Beck are among those taking voluntary fall training.

Indoor work in the Y. M. C. A. gymnasium will begin the middle of December, Manager James has announced.

## TEN RECEIVE DEGREES AT FALL CONVOCATION

President Stockton Delivers Address to Graduates—Six Diplomas Conferred in Absentia

At the first fall convocation for five years held last Friday in the A. & S. Assembly Hall, ten degrees were conferred upon graduates of the University by President Charles Herbert Stockton.

President Stockton also made a short address.

The graduates follow: Bachelor of laws, Claude Buren Sanford, District of Columbia; doctor of dental surgery, Patterson Bayne Johnston, Virginia; doctor of medicine, as of June, 1916, Austin Ottis Conaway, West Virginia; Jaime Julian Giguera, Porto Rico (in absentia); William Harrison Norton, New York (in absentia); Edward Raymond Hunter, New Jersey; Joseph Shilen, New York (in absentia); Frank Kevan Ryan, New York (in absentia); master of science, Frank Macquarie Maxon, Ohio (in absentia); master of arts, Joseph Masone, Italy (in absentia).

### MUSICAL CLUBS UNDER WAY

Band, Orchestra, and Mandolin Club Busy Rehearsing.

A preliminary meeting of the University Band was held last Friday, and its first rehearsal will be held tonight in the A. & S. Assembly Hall.

About ten have already joined, but there is a need for all kinds of brass instruments, particularly bass.

The University Orchestra had its first rehearsal of the year last Friday night. Much new talent reported, but there is still room for as many new players as wish to join. The Orchestra was organized last year and played at many University functions.

The Mandolin Club held its first meeting and rehearsal last Friday night. Several pieces were practiced, altho the Orchestra rehearsed in competition across the hall. At the next rehearsal tonight in the A. & S. Building, more mandolin, guitar and ukulele players are wanted. The girls, especially those who play the ukulele, have been invited to join.

### BUSY COUNCIL MEETING

(Continued from page 1)

Manager Garner of the football team announced that the Western Maryland game was more successful financially than expected.

The tax committee, C. R. Draper, chairman, reported on the tax campaign.

John S. Bixler reported on the class contest for tonight.

Dean Fraser announced that candidates were still wanted for councilmen from Columbian College, Law School and the Graduate School.

Any councilman who is absent from two consecutive Council meetings without excuse will be dropped from the Council, it was ruled.

The athletic eligibility rules adopted were: "To be eligible to participate in athletics at the George Washington University a student must be a regularly matriculated student, carry at least six hours of work a week, or if a special student, must have attended the University for at least two consecutive semesters."

### SULLIVAN TALKS AT RALLY

At just the time that the afternoon students were arriving for their 5 o'clock classes, a football mass meeting was held in front of the A. & S. Building last Friday.

At first the students assembled rather slowly but when the object of the gathering was explained by Charles Lynch, cheer leader, they obeyed the command flashed from a big poster "Stay Where You Are." The students were taught yells.

In the midst of the cheering Coach Sullivan arrived from practice, in football togs.

The coach spoke for about five minutes on the condition of football affairs. He appealed to the students not only for aid on the team, but also for large attendance at all games to make the players feel as tho the students were backing them all the way thru. He was forced to cut his speech short in order to return to practice, and after a few more cheers the first outdoor G. W. mass meeting for several years broke up.

Lieut. A. G. Schmidt and Ralph Fehr are on the border with the D. C. Guard.

## University Calendar

Tug-of-war on the Speedway tonight.

The Student Council will meet Monday evening in the Law School.

Members of the Republican Club will attend the Republican rally Monday night at Convention Hall.

The Enosian Society will meet to elect officers Monday evening in A. & S. Assembly Hall.

The Columbian Debating Society meets tonight in north hall, Law School, to debate "Resolved, That the Adamson Eight-hour Law Should Be Repealed." Marshall, Robinson, and Lamb will uphold the affirmative side, and Larkin, W. M. Fuller, and Swale, the negative.

SHE'LL BE MOTHER TO 150

Miss Craton Will Mold Destinies of

Motley Crowd of Kiddies

How would you like to be mother-

at-large to 150 youngsters of varying

ages, colors, races, and parentage liv-

ing between Eighteenth street north-

west and the District Line?

Miss Anna Washington Craton, Co-

lumbian College '15, will assume this

responsibility November 1. Miss Cra-

ton is connected with the Board of

Children's Guardians, and must make

monthly reports about EACH child. If

some small boy decides to leave Wash-

ington to be a cow-boy, or an aviator,

or a mere bandit, she will have to

run after him and bring him back. If

some little girl decides to become a

second Sarah Bernhardt, and leaves

to find someone who will appreciate

her genius, Miss Craton will have to

pursue her also and persuade her to

wait until she grows up a little be-

fore she starts out in the world.

If a youngster needs medical or

dental attention, it is the duty of a

mother-at-large to personally conduct

John or Susie to the doctor or the

dentist, or to send him in charge of

some competent person. If the chil-

dren of one family cannot get along

with the other children of the neigh-

borhood, Miss Craton will have to find

out why, and then remedy the situa-

tion. In short, she will have to do

the thousand and one things that keep

the mothers of one or two busy, for

one hundred and fifty Chinese, Japa-

nese, colored, Italian and plain Ameri-

can small boys and girls.

Kappa Alpha announces the pledg-

ing of Weisblatt, Brandenburg and

Loggins.

Kappa Alpha will give a masquer-

ade dance on Halloween in honor of

its pledges.

## Departmental Notes

### MEDICAL SCHOOL

The Freshman Medical students held their election of officers for the year last Monday. The following is the list: President, Vail Minnick; vice-president, Herbert P. Ramsey; secretary, Everett A. Bradley; treasurer, C. H. Lewis; sergeant-at-arms, Ray Beck and athletic representative, Hatchet reporter, and class editor, Jack B. Zerbe. President Minnick appointed the following entertainment committee: A. H. Schwartz, R. Baker, F. P. Myers and King. Edw. W. Mulligan, '17, now attending the U. of Md. Medical School, was a visitor at the Medical School last week.

The class of '18 bowling team has reorganized for its third consecutive season. The line-up is: Connor, Davis, Leitch, Lewis and Lyons. Games with other classes or departments are desired. Communications should be addressed to J. A. Connor, '18, at the Medical School.

Beetram Groesbeck, '17, deputized by Dr. D. L. Borden, rendered valuable first aid treatment to several of the football players in the Western Maryland game.

King and Hollingsworth, both of the class of '20, are representing the Medical School on the football squad.

All medical school news and notes should be presented to Edward Lewis, '18, or left in the "L" box at the office. Items of interest are earnestly solicited.

The following men of the sophomore medical class were initiated into the Phi Chi Fraternity: J. C. Doyle, J. D. LaFond, E. M. Campbell, C. W. Gardner.

George Bassett, '19, has recovered from injuries received in working at the Du Pont powder works this summer.

### COLUMBIAN COLLEGE

Miss E. Maxson lead chapel exercises on Monday.

Rev. Paul Sperry of the Swedenborgian Church, an alumnus of Columbian College, spoke at chapel services on Wednesday.

At a meeting of the sophomore class of Columbian College held Wednesday night the following officers were elected: President, Henry Hough; vice-president, Louise Gardner; treasurer, Henry Fisher; secretary, Martha McGrew; editor, Lawrence Burton; sergeant-at-arms, Arthur Gronna.

Misses Edith Aultman, Kathleen Moses, Elizabeth Swanson and Frances Everts were among the Columbian College girls who attended the hop at Annapolis Saturday.

Miss Margaret Bristow accidentally dropped a refrigerator lid upon her right hand in the Chemistry laboratory, smashing it badly, but breaking no bones.

### Cheers

Cut Out and Take to Games  
In giving the cheers listed here keep your eyes on the cheer leader. This is the only method by which it is possible to get the full effect of a concerted burst of noise. Never let the noise subside except when in the judgment of the cheer leader it would interfere with the best playing of the team.
